

APPLE.org emails

In your web browser type:

Aple.org

The APPLE website will load on to your computer screen. Please click on the Log on to the APPLE.org email button. The button is located directly underneath the calendar to the right of the screen.

A blue-grey screen should load up asking for your:

Email address: Your email address in most cases is the first letter of your first name followed by your last [name@apple.org](#). Ex: [hclarke@apple.org](#).

Turn to the back of this paper to locate your email address. If your name is not on the back of the paper please check with Holly. If your email does not match your district email please let Holly know the correct changes.

And

Password: RedAPPLE2010. This is your temporary password. PLEASE CHANGE IT!

Please enter your given email address and RedAPPLE2010 as your password.

Please change your password as soon as you log in. It is important that only you are able to log into your account and view your personal emails.

An email will be in your Inbox. **Please respond to it immediately** so I know that you have successfully gone online.

Please become comfortable and familiar with logging on to your aple.org email. Soon we hope that you will teach the members at your school how to log on.

Soon all information will be emailed to you through the APPLE email instead of district email.

Having our own email system will empower communication between members for future negotiations.
